# 1 - Untitled

This is actually a poem gone song that I wrote. So if some of it doesn't make any sense to you right now it makes sense in the song. Since I'm a musician I have to get my inspiration somewhere and this just happened to be a poem first. I don't really know who the person is in this poem all I know is that its not a boyfriend because I really have no experience in that department. So bare with me because I'm new at this whole "writing thing" and I'm not quiet sure what I'm doing, but that tends to be the best part of life.

I have been here for so long now,

The lights went out many years ago.

And I've been afraid for so long now,

That I don't know where to turn.

Who can forget the day when you came to me?

The light had burned my eyes

You started to whisper to me

"You don't have to be afraid no more"

No I won't forget the day

The light I finally found

So when I start to fee afraid

I see you stand before me
