Chapter 1 - The Legend	2
Chapter 2 - Tha Mysterious Aquarius	3
Chapter 3 - The Soul Stealers!	4

1 - The Legend

The story is always the same: Sailor Moon and the scouts save the earth. Well now it's time to bring in the long forgotten team: The Angel Sailor Scouts.

2 - Tha Mysterious Aquarius

"The castle's being attacked! Get the princess out!" Sailor Aurora screamed. "But let me help! I already hit the super level I can do something!" Aquarius cried. "No princess, I'm taking you to the last safe place on earth: Tokyo, Japan." An orange-haired girl said. "In Tokyo..." "What?!" The girls said. "It had been exactly 1 year since the defeat of Chaos and it had been relatively peaceful but they all had a feeling that something would happen." "We received word from Luna's sister Kit in the South Pole that she is bringing the scout and princess in training, Aquarius to live and fight with us because her kingdom is no longer safe" Artemis stated. "Well, who's she going to stay with? My mom won't let her stay with us!" Serena said. "She can stay with us, Hotaru has a spare bed in her room she can use" Amara replied. Then, they noticed a girl with aquamarine hair and another girl with orange hair looking at the sakura trees. "Who are you?" Raye asked, walking over to her. "You wouldn't believe me if I told you." She said, picking up a sakura blossom and slipping it into her hair. "Try us" Lita stated. "I'm the princess of the South Pole" She said. "So your Aquarius?" Amy asked. "She is, and judging by my sister you must be the inner and outer scouts" The other girl said, transforming into an orange cat with a silver crescent moon on her head and jumping on the girl's shoulder. "Kit no need to be rude, call me Aqua" she said. Then, they heard screaming. "Oh no! Let's go guys! Super Aquarius Prism Power!" Aqua cried. She was then surrounded in rainbow ribbon and light and her uniform appeared which was pink and light blue. "Ok guys you heard her, let's go!" Sailor Moon said, following Aqua to the source of the screaming. When they got there a dark blob-like monster was stealing what looks like flowers from people. Then, the monster grabbed Sailor Jupiter and started trying to take her flower. "You let her go!" Aqua cried, launching a yellow circle of energy from her rod which made the monster drop her. "Are you ok Jupiter?" Aqua asked. "Yeah, now let's beat this thing!" Lita replied. "South Pole Crystal Barrage!" "Jupiter Thunderclap Zap!" They cried combining and forming an attack so strong the monster exploded and the soul flowers returned to their respective owners. "That was absolutely amazing Aqua!" Sailor Venus said. "You are a most welcome team member and friend" Sailor Moon said, holding out her hand. Aqua took it and said, "Thanks I'll try my best!" She then walked home with her mew friends hoping like on the Moon Kingdom, it would last a lifetime.

3 - The Soul Stealers!

"Aqua, Hotaru, get up! You're going to be late for school!" Michelle said, poking her head in their room. It's was Aqua's first day at Juuban High and she was shaking like a dog. They got up, put their uniforms on, and walked over to the full length mirror. "This uniform is so kawaii! And much more comfortable than what I wore at the castle!" Aqua squealed, spinning in a circle. She walked into the kitchen and asked, "Amara, Michelle, what if I don't make any friends?" "Don't worry Aqua, the others will be there with you it will be fine" Michelle said comfortingly, handing her the lunch she made her. "And if anyone messes with you, tell them they'll have me to deal with" Amara added. "Ok Amara, thanks you guys now I need to go or the girls will think I'm ditching, see you after school at The Crown!" She said, slipping on her shoes and rushing out the door. "She seems to be adjusting well" Trista said. "Yeah she is, come on Hotaru I'll take you to school" Amara replied, leading Hotaru out the door. Back to Aqua... "Hey Sere, V-Babe, Thunderbird, Ames!" Aqua squealed, calling the girls by the nicknames she used in the silver millennium. "Hey Ice Princess, how do you like the school so far?" Lita asked. "It's great! But who is that strawberry blonde-headed girl in homeroom?" Aqua replied. "That's the head cheerleader Hoshiko" Mina said, a hint of loathing in her voice. "Um, we better get to class" Amy said, pushing them into chem class. "Now, who can answer this equation?" The teacher asked. Amy, Aqua, and Hoshiko's hands shot into the air. "Miss Hoshiko" the teacher said. "10 over pie" she stated matter-of-factly. "No, Miss Aqua our newest student" He replied, turning to her. "16 over pie?" She said, a hint of hope in her voice. "Of course! Very good Miss Aqua!" The teacher said. She saw the girls smile at her and Hoshiko scowl at her. Probably couldn't handle anybody outshine her. At The Crown... "Andrew, a round of soda's on me." Darien said. "Right away, and welcome to the neighborhood Aqua" Andrew said, going to get the order. Then, Hoshiko walked in. "Hey guys! Aqua can I talk to you?" she said. "Uh, sure" Aqua replied following her outside. "Listen here newbie, I don't appreciate anyone outshining me so I'll take your soul flower!" She said, transforming into a girl with black hair, eyes, jeans, tank top, shoes, and wings. "Super Aquarius Prism Power!" She cried, transforming. "HA! Even if you transform your little snivling friends won't save you!" She said, shooting an energy sphere at her. "Don't you dare say that! Their the most loyal friends anyone could have!" Aqua screamed, dodging it. "Yeah! And were by your side even now!" A voice cried. She turned to be face-to-face with the others. But Hoshiko saw her chance here and grabbed Aqua around the neck. "Ok, either you give me that little South Pole Crystal of yours or not only they but your scouts as well will perish." Hoshiko whispered in her ear. "What have you done to the Angel Scouts?!" Aqua cried, elbowing Hoshiko in the chest and her wings popping out. "Taken them to a little place I like to call D-Point." She replied, disappearing. "What was that about Aqua?" Jupiter asked. "They have my scouts" Aqua replied.
