## 0 - Revenge

"Leaving me on this god forsaken planet I don't need anyone, I never did. All I very wanted to do was run away, well I got my chance to run to run as far I could from my past. But now my past only a distant dream is now my own reality. You thought you could save me, well you were wrong. You tortured me by separating me from all I knew. Now my past is nearing and I'm going to find you. Remember the last words you told me before I was forced to leave?" said the mysterious figure leaning over a body lying on the ground badly beaten as the lightning streaked across sky.

"No" said the man on the ground unable to move because he had no use of his body, not able to move one hand to wipe the rain away from his bruised face.
