no really -_-

1 - save me from....

Save me
From this pain that never will leave me
I can't breath
Thought run through my mind everyday
I can't feel anymore
The pain is so much to endure
Save me
I can't hide anymore
I tried masks
But they only added the pain
I tried pain it self to make it go away
I only hurt more
Save me from the ones who
Make it worst
Those who torture
How fun they think it is
Save me from…
Myself
Save me
I can't take it anymore
Thoughts that I should not have
Death and pain
Slow or fast
Pain from my masks
Bruises
Scars
Cuts
Save me from
Those who hurt
Save me from…
…myself…
