<b>Chapter 1 - the day</b>	<b>2</b>
<b>Chapter 2 - the hour</b>	<b>3</b>

## **1 - the day**

The days go by so slowly now every minute seems like a hour, every hour seem like a day and every day seem like a week but that all changed after the chosen day the sky went black the earth shook and all you could hear was the sound of screaming women, children crying and just heaven opening up.

## **2 - the hour**

When we say heaven open we thought we were saved but we were wrong so wrong instead of angels we saw demons. I looked at Colin on my left and then mark on the right and I thought that this was it the end of the world.

The demons were just about to attack when he came and killed them all with one slice of his blade.
