A Ghost Tale

Hundreds of years ago, when pirates filled the seas, there was a pirate named Captain Ace Swee. Captain Ace was a great pirate, but one day he had treason on his ship. Every crewmate on his ship was after him. So through the biggest fog you'll ever see, he sailed on a little boat.

Then 4 days later on an island near Europe, a little boat came on the island. In that boat was the Captain dead, on the 3rd day his crew caught up and killed him. The villagers not caring threw him into the sea. So if you go next to the sea and said "captain, oh captain, rise up from the sea," 2 times when you turn your back he will attack.
