1 - Guardian Angel

You're not alone, I'm always there
Don't worry, you're in my prayer.
I will help you find your Angel wings,
I will help you find the Angels when they sing.
You undo the sinful things you did, it's not to late,

Take your time, the world can wait.
No mater what road you choose, I'll be there by your side.
I am your Guardian Angel, your consience, your friend, your guide.

2 - Words of a Tortured Angel

Some people in this world are cold and dark,
They come and go and break my heart.
They ignore me like I'm not even real,
Do they know how I really feel?

Some people in this world brings me down,
I'm lost, and I doubt that I would be found.
I want everyone to like me and know who I am,
I try hard to acheave that plain.
My adversaries wouldn't last ONE DAY in my life
They wouldn't even care if I die.

Why do I feel so alone?
Even when I'm at home
I'm not sure why I'm still alive
I feel like I should just die.
I even wonder if anyone would cry
I would kill myself and no one would know why.
The feelings I get are cold and dark
They come and go and break my heart.
I hate the feelings and hate the world
Living the life of a girl.
The feeling of being alone
The hate of coming home
The thoughts of why I live
Thinking I have nothing to give.
I want to put the pain away
No one would care anyway.
They woludn't cry no flower at my grave
My life and memories are nothing to be saved.
I'm more of a "Miracle Worker" than anything else,
But having a miracle of my own is something I have not felt.

Angel wings are suppose to stay
But mine seemed to have faded away
My deeds seem bad and my heart feels cold
No one here, no one to hold
I have more things than what some people possess
But all of that, I cannot rest
How can I get my Angel Wings?
To relieve all the bad things.
My adversaries don't know how I really feel

"Just faking a smile, no big deal."

They also don't know that they caused these things

They made me lose my Angel Wings!

Life is hard to mingle

These are the words of a Tortured Angel.

3 - Endless War

I hate of what our country-- no, our world-- has become
No life will be spared, no none
What's the point of our endless war?!
If we keep this up, we'll NEVER find a savior!
A man that comes back a hero, a soldier,
And a war that only grows older
I can't take it anymore, I cannot lie!
I'm sick of it, I HATE seeing our people die!
It's a war that's never going to end
It's the fight to the death, a fight that NOBODY'S going to win!
Nothing will come out of this except pain
Violence is the ONLY thing you will gain
Why can't we live in a war where there's no pain nor lies?!
If you aim your gun at an innocent child, would it cry?
No, you would immediately take it's life
People will show no mercy, no remorse
This is my point of view of our endless war.

4 - Lied

Why did you leave...?
You promised you'd *never* leave us,
But I was a *fool* to believe you!!
I *knew* it was too good to be true!!
You lied about *everything*!
You were suppose to be mommy's friend,
You stick *together* until the end!!!
We don't know who or *what to trust* anymore because of you!
Ever since you left, I don't know what to do!
You were out of the few people we could trust on earth,
But *you* were the one who caused the hurt!
I have scars to prove that fateful night,
You say sorry, but we've been too nice!
A back-stabber isn't a friend!
Mommy tried to make it work, but it's at its end!
I can't take it anymore, I cannot lie,
I'm *sick* of it, I *hate* to cry!
You knew it all along, but you didn't care,
You went ahead and made us stare!
Saying that it's alright doesn't make us forgive you,
Trust me, you have a lot of work to do!
There are many things we can say to you right now,
But we just don't know how!
I know: This is *my* point of view
The only people you really care about...is your *ex-wife*, and *you*!!
If you loved us, you would have stayed!!!
You lied about your friendship as it fade!
Mommy *trusted* you, *loved* you!
But now she and I know the truth from the lies,
We can see them in your eyes!!
If you knew what was *best* for us, you would have stayed by our side!!
But you *lied*!!!!
