## 0 - online shopping

online shopping is a process that allows a person to shop from the comfort of his room and the ordered item will reach his door steps. Online shopping is now very popular among people now a days. As compared to conventional shopping methods , online shopping has gained huge popularity among people. Almost everything from electronic gadgets to grocery items can be bought online. There are many benefits of online shopping. [iphone xs price in oman](#) Online shopping gives many discounts and offers which you wont get from physical store. As we all know going out is not safe now days , so it is very much safe to shop online from the comfort of your home. Online shopping also helps a person to shop as like that of a physical store. A person will get a detailed details if a product and customer reviews and ratings while shopping online. Customers also have the provision of returning back the products if they are not satisfied with the product.
