1 - FLY AWAY

accidental meetings fly away

fly, fly away
for you are now free again
you have rid yourself of hate, hunger and pain
you're like a bird in the sky
so spread your wings and fly
fly, fly away from me
now you will finally be free

KIM

written for Raymon Geluk (8); who died TOO young.
Dedicated to all children!
Because death shouldn't be happening to someone so young.

2 - darkness

accidental meetingsDarkness

darkness surrounds me
but it's okay
for I am a shadow
so rage on
across the sea
my storm
and calm my troubled soul
so I can rest some
and feel good tonight

KIM

3 - pain

accidental meetingspain

she had no past
no name
she was alone
no home

they took her
they changed her
they took her dreams away
made her what she is today

they broke her
they stabbed her
they shot her
they hurt her

she had no choice
she was too young
not many who would fight for her
so she was on her own

she had to fight
the cruel world
those who changed her
everything always alone

no hope for a better life
her dreams shattered
her ideals broken
all was gone

metal parts
a million faces
a brilliant mind
and looks

she had it all
but wanted none
for none of it was hers
not even her heart

But still there remained hope
a small spark not big but it was there
she fought for her freedom and a newbeginning
and though she now is free the pain willnever leave

KIM

4 - puppet

accidental meetingsPuppet

I'm a puppet
placed on a pedestal
dressed in silk
adorned with sparkling stones
like a pearl behind glass
for the world to see
for people everywhere to adore
but never touched
and ever loved
like a treasure
almost surreal
I sit upon my throne
priceless for all to see
I'm but a puppet.....on display
