Chapter 1 - angel	2
Chapter 2 - paper cranes and concrete flowers	4
Chapter 3 - cuddle by me	5

1 - angel

She cries in the middle of the night
Wishing there was no such thing as pain
She wishes that the light was actually pure

She looks up at the stars every night
Rubs her cuts and burns
She seems to hate the world
But no,
She simply pushes it all away

Pushes it away and lets the sadness grow
Sadness that will someday kill her
She's afraid of death
But she wants to die
And soon

One day she will make the jump
And die falling 10,000 yards
Into the darkness
And into the burning pits of hell

If only people hadn't teased and taunted her

Just maybe

Maybe

There would be one less tear shed

From this angel

2 - paper cranes and concrete flowers

He lays in his own field of paper cranes and concrete flowers,

He listens to the wind,

He listens to the rain.

He looks into his mothers' window,

And sees his father with her

Talking,

And soon to be complaining about the color of the walls.

He knows his parents loved him and always did.

But he never thought his father loved him until he fell into a raging river, and his father lost half of his memory trying to save his son.

Even though he didn't succeed.

In his own field of paper cranes and concrete flowers,

He listens to the wind,

He listens to the rain.

- and waits to receive his wings and tell his mother how much he loves her.-

3 - cuddle by me

Cuddle by me

I'll keep you warm

Through the wind

Through the rain

Through the snowy haily rain

My child,

Born human raised wolf

Cuddle by me

My child

I'll keep you warm

I'll perfect you

You're all I have

I need you

You need me

My child

My son

I love you

You love me more

I'm here for you

The cold icy snow falls on my coat

Instead of yours

I can keep you safe

Cuddle up to me

I'll stay alive so that you can stay alive

And be loved

If I go to heaven and leave you in hell

I'd die again,

Just to be with you

My son.
