**2**

## 1 - Happy Birthday !!!!

Crystal picked up her lipgloss and stood in front of her bedroom mirror.

She was wearing a pink and white top, white skinny jeans and pink and white pair shoes.

Her bedroom door knocked and a stampede of people came rushing in the room before Crystal could even answer it, this stampede of people happened to be Crystal's family.

"Happy Birthday To You....Happy Birthday To You..." They all sang as each one came in to Crystal's bedroom either dancing or giving Crystal a hug

"Okay enough!" Crystal shouted as she slammed her lipgloss on to her dressing table and flung herself on to her bed

"what's wrong?" asked Crystal's mother, June as she walked toward's Crystal's bed

"why did I have to be put in this family?" Crystal said glumly

"But I thought you would of liked us singing happy birthday to you sweetheart" said Crystal's father, Derek

"well, next time don't !!!" Shouted Crystal and she stormed out of her bedroom

"mood swings again" said June, looking at Derek

"well, what do you expect?" said Derek "well... she *is* a teenager now!"
