Chapter 1 - Life

2

1 - Life

I should be happy that i'm not blind
I should be happy when i see sun shine
You know i was , you and why ...
You know my minds, my feelings , crimes...

And every morning when i open my eyes
I see the world that i created in minds
I see my best , i see my worst , i see my life
I see your eyes that are the base of all my nice...

At last the light surrounds my side
And all become so terribly fine...
I need some shadows , i need some light
To save the harmony of life...

The day and night
I love ,i hate
I need that harmony
Whitch you create...

But in the end
Just me and you
Will leave alone
For ever two...
